MAIR EDMUNDS

I am a hard and enthusiastic worker who has the ability to work both alone as well as part of a team. I can prioritise my work and manage my time efficiently. I communicate well and easily gain the trust of others however I am not afraid to make difficult decisions. I strive to always have a positive attitude and try my hardest in whatever I am completing. I use my free time constructively to gain further experience as well as to continuously improve my qualities. I am a reliable, responsible and an outgoing individual.

- The ability to think both logically and analytically
- Leadership and presentation experience
- Quality Management

INTERESTS

Sport	I enjoy spending my free time in the gym, taking part in fitness classes and competitions. This keeps me full of energy and improves my teamwork.
Fundraising	I am the CSR (Community and social responsibility) Chair for Stryker Stanmore's Woman's Network where I organise and carry out fundraising and volunteering events regularly to promote community services and raise money for different charities. This role has been useful in improving my presentation and communication skills as well as is a key morale booster to my current workplace.
Work experience	I completed a placement in a primary and secondary school as a student teacher. I volunteered at a residential home teaching elderly people how to use computers to communicate with their family. I spent time at GP surgery shadowing the different members of staff learning how the surgery was run and gaining lots of scientific and medical knowledge. In addition, I have retail, customer service and hospitality experience that has enabled me to become a well-rounded, down to earth person.
